**Subject:** shoreline homes designation

We own the home at 5395 Crystal Springs Drive, which is a waterfront home built some years before we purchased it in 1998. We have followed the evolution of the proposed Shoreline Management regulations with considerable dismay, because it is patently unfair to label structures built to codes in effect at the time to be "non-conforming."

We urge the council to refrain from labeling any existing shoreline homes "non-conforming."

Sincerely,  
James and Maureen Sansbury
